

Effingham Park Race 1st July 2014 - Results

Results of the inter-school competition between The Howard of Effingham School and The George Abbot School

Only fully completed courses were used to calculate the scores for the schools competition. The best 6 times from each team have been taken to determine the result.

Congratulations to The George Abbot School for being the winning team by just 1min:06secs.

Well done to everyone that took part, including those that missed controls or mis-punched at a control, but particularly those who experienced orienteering for the very first time. You all recorded very creditable times. I hope you all enjoyed yourselves and will take part in future similar events.

Special thanks to The Howard School for allowing the event to take place, to Molly and her team at the George Abbot school and to Jon, Graham and Joy for their invaluable assistance on the day.

David Fisher
