The next MVOC mid-week event is on **Tuesday 1st July**. This event will be a Park Race being held at the Howard of Effingham School & King George V Playing Fields at Effingham. This will be getting off the streets and away from the score format. This time all the controls marked on the map will have to be visited in numerical order in the quickest time to decide the winner. Details should be on www.mvoc.org very soon.

MVOC are also putting on an event at The Nower, just outside Dorking, being held alongside The Surrey Hill Races on **June 15th**

Two further events in **July**. A cross country orienteering event in Nonsuch Park on the **13th** and a Park Race on the **16th** at Morden Park. Keep an eye on the web site for further details.
