

The club's very first event at Polesden Lacey was mapped, planned, organised and delivered by Philip Gristwood. Despite poor Summer evening weather with heavy downpours, the attendance was excellent and was justified reward for Philip's efforts. The courses were about as technical as the terrain allowed with the woodland areas providing a challenge for many and the open fields providing faster running between them in this scenic location.

Congratulations to Liam Marsh and Paul Couldridge on winning the 2 courses available and well done to those that were taking part in this type of event for the first time and completed their course.
