Great turnout everyone, thanks for coming. Congratulations to James Lyne on his win in an impressive time, narrowly beating Ed Catmur who, by his own words, was "warming down" after a 100 mile race at the weekend! Yordon Kolev would possibly have finished 4th had he not decided to spend 8 minutes re-visiting a control at the end. Great result for Sue Carter who led the ladies home with an excellent score. Wonderful also to see lots of young people out enjoying the event. Thank you to all the mums and dads for bringing them along. I hope to see you all at the next event on the 21st. Same start location, completely different controls, which will next time vary in value, to provide that additional route choice dilemma you all love!
