## WINTER STREET O SERIES 2022/23 ASHTEAD - TUESDAY 13 DECEMBER

**This is the 4th event of a series of 8 winter evening Street Orienteering events MVOC are organising on a monthly basis from October to May. Each event will be a 1-hour score event and a league table will be compiled from the results of each event as they proceed. The best 5 results from the 8 events will determine the final league positions. There will be a trophy for the first male competitor and The Lois Exell trophy will be presented to the first female competitor at or soon after the final event.**

To take part in this event: Pre-enter at [www.racesignup.co.uk](http://www.racesignup.co.uk) Please, if possible, use a smartphone and ensure you have latest version of MapRun (**MapRun6**) installed and the course is downloaded to your phone before you arrive. Details of how to obtain a copy of the app and how it works can be found [here](#)

Download the course onto the app by clicking on 'Select Event, and following the menu path **UK > Mole Valley > StreetO 22/23 Winter Series**. The course will not be visible on your phone until you receive the PIN number at Registration on the night. There are no written answers required with MapRun and your result will be automatically downloaded when you finish. The full procedure will be explained at Registration.

If you are really unable to use MapRun, you are still welcome to take part by completing the control sheet with pen or pencil but this is a much slower method. With this approach, timing will be by SI Start/Finish units – timing device supplied if you do not have your own. The procedure will again be explained at Registration.
